

PAVE WEST THIRD
TO NORMAL PARK?PROPERTY OWNERS, FREDERICK
TO CHAUTAUQUA GROUNDS FAVORALDERMAN INSPECTS
THE ST. LOUIS PAVINGH. L. Raines Says Park Commissioner
Recommends Bituminous Product
—Engineer Flynt Concurs.

That a majority of persons owning property abutting West Third street from Frederick street, west four blocks to the city limits, apparently favor the paving of that thoroughfare this coming spring, is the statement of H. L. Raines, city alderman. The paving of the block from the end of West Third to the southeast corner of the State Normal park or Chautauqua grounds, also is believed to be possible this spring. Several persons owning property along that part are in favor of the improvement, it is said. Among those said to be favorable to the proposition and that will aid the council in getting that street paved are R. B. Montgomery, Roy Pettit, Prof. W. A. Rickenbrode, Marvin A. Peery, Lute Forsyth and Nathaniel Sisson. It is believed that Fred P. Robinson, J. B. Robinson and other members of the Robinson family also would favor the paving of West Third street. In fact, virtually no opposition has come to the surface yet.

Prof Richardson Favors It.
Prof. Ira Richardson, president of the State Normal school, which owns all the property abutting West Third street on both sides of one block, unpaved, and all of one side on another block, also is urging that such a movement be made, according to Mr. Sisson. While it is not definitely known yet that the state would favor the extra expense necessary to the paving, it is the opinion of some that it would.

"I believe a big majority of the property owners along the five blocks would be in favor of the paving," said Mr. Sisson this morning. "In fact, I do not believe any would oppose, except possibly the non-residents who own property along the street. But even that opposition would not be sufficient to retard the improvement."

Makes Paving Inspection.
It has not yet been decided whether a petition will be circulated asking that such an improvement be made, or that just a few property owners go before the city council and urge that a resolution for the paving be adopted.

Preparatory to the contemplated spring paving in Maryville, H. L. Raines, councilman, while in St. Louis this week, took a day off to inspect the various kinds of paving there and to consult with paving experts relative to the merits and demerits of the various forms.

Mr. Raines consulted Dwight Davis, millionaire member of the park commission and also took a drive over the streets with Thomas O'Hearn, who is in charge of the street improvements in Forest Park Highlands.

Prefers Asphaltic Surface.
It is the opinion of Mr. Raines, after this inspection, that a paving with either cement or macadam base, and a filler and surface of some form of bituminous product or tar, would be best for pavements here. This also is concurred in by City Engineer F. L. Flynt, who has been in consultation with street commissioners of Kansas City, and has been examining propositions.

No sentiment has been openly expressed by any property owners relative to the form of paving they prefer, but it seems that no opposition is made to asphaltic paving of some form. The extra cost of brick paving over asphaltic paving is one reason why it is believed the brick paving would not be favored this time.

Miss Airy Ill.
Miss Lucile Airy has been ill for several days, suffering with a severe attack of grip.

EPWORTHIAN MEET IN JUNE

Missouri Methodist Young People
Gather in Cameron—The Rev.
Cox Member of Board.

The annual Epworth League institute of the Missouri conference of the Methodist Episcopal church will be held on the campus of the Missouri Wesleyan college at Cameron, from June 7 to 13, according to a decision of the directors yesterday.

Class study will be conducted each morning by the Wesleyan college faculty. The afternoons will be for recreation, while each night strong programs of music and lectures are being provided.

The Rev. G. S. Cox, pastor of the First Methodist church here, is a member of the board of directors of the institute. The local Epworth League will probably send two delegates to the institute, while many more will likely attend for one or more days.

The institute lecturers are C. O. Kimball, St. Joseph, June 7; M. M. Gray, Kansas City, June 8; O. L. Sample, Hannibal, June 9; J. A. Stavely, Parsons, Kan., June 10; Allen P. DeLong, June 11; B. F. Jones, Cameron, June 12; D. J. Evans and Clarence True Wilson, Sunday, June 13.

RETURNS FROM CONVENTION.

H. L. Raines Makes Principal Address
at Retail Jewelers' Meet.

H. L. Raines returned this morning from St. Louis, where he attended the annual convention of the Missouri State Retail Jewelers' association. Mr. Raines has been president of the association for the past two years, and previous to holding the head office he held the secretaryship of the organization for three years.

Mr. Raines gave the principal address of the convention, which was in session from Monday until Wednesday. The newly elected officers are L. C. Ebeling of St. Louis, president; W. F. Maxwell of St. Joseph, vice president, and Adam Hafner of DeSoto, secretary.

The 1916 meeting will be held at Kansas City, and will be a joint meeting with the Kansas association.

Several other jewelers in the city are members of the association, but were unable to attend.

SCHOOL CHILDREN GIVE CONCERT

Proceeds to Pay for Victrola Placed
in Garfield School.

The pupils of the Garfield school will give a victrola concert at 2:15 tomorrow afternoon at the school. Everyone interested in the children and their work is invited. A silver offering will be taken, which will apply on the final payment of a victrola which the school purchased a short time ago. The concert will be in charge of Prof. P. O. London, who will also talk of the benefits to be gained in child education by having such instruments in the school.

The teachers of the school, Miss Julia Denny, Miss Glen Hotchkiss and Miss Ella Hazelrigg, will receive the visitors.

HOPKINS MAY GET PAVING.

Farmers Want Town to Better Streets
—May Make Improvements
in Spring.

Many of the farmers who trade in Hopkins have remarked that they would be mighty glad to see the business streets of the town paved, says the Hopkins Journal.

J. C. Mendenhall, who lives north of Hopkins, said it would be the wisest thing done here for many years and that he expected to not only see the business streets of Hopkins, but many of the leading residence streets of the town, paved before five years, and we believe he is right.

Paving would be an advertisement worth thousands of dollars to the town, to say nothing of the convenience.

Reuillards Give Concert.

Rag time music, classical music and Irish numbers galore were furnished by a Kansas City colored orchestra at Reuillards' last night, as a special feature in observance of St. Patrick's day.

To Visit in Kansas City.

Mrs. W. H. Whitney left Tuesday evening for Kansas City, where she will spend a few days visiting her parents, Mr. and Mrs. J. J. Ridgley.

TO IMPROVE ROADS

HIGHWAY EXPERT URGES FARMERS
TO AID NATURE.

SMOOTH SURFACE FIRST

John Clary Advises Eradication of the
Ruts and Water, Then Drag—
Would Restrain Late Work.

The improvement of the roads and public highways of Nodaway county should be the principal object of all who travel them, at the present time, according to John H. Clary, former county highway engineer. While the mud is still nearly as deep in places and everywhere prevents one from exceeding the speed limits, the condition will slowly improve, it is believed barring further rains or snows.

A number of farmers, especially the more progressive ones of the county have prepared road drags, where they lacked one, in readiness to drag at least a mile of highway when the roads get in such condition as to make dragging possible. It is being urged that more drags be constructed so that when the good weather really does come, the roads can be placed in better condition.

Can't Expect 'Good' Roads.

"In the face of the conditions of the roads at the present time," said Mr. Clary, "the most serious problem just now is what to do to get the roads in an even 'near normal' condition. We have virtually all the things in the highway that we do not want.

"The drainage has been interfered with by snow banks, and about every other handicap that the winter season affords, and now is apparent. The result is, an over supply of moisture when we do not want it and the bottom has fallen out of the roads as a result. In many places the condition is made worse because of the working or grading of roads late last fall.

Should Prevent Fall Repairs.

"There is a statute in the Missouri road laws which provides that all regular grading of the roads must be done prior to August 1, each year and any overseer should be prevented from doing such work after that date even if legal action is necessary.

"Not all roads demand or will permit of the same treatment, but in general, a harrow or a float drag, such as is used to smash clods on listed corn ridges is good. If run over the road as soon as a team can get through reasonably well, it will smash and scatter the piles of dirt and fill the ruts made by the wheels and force out much of the water and close up many of the openings which are holding water.

"This operation should be repeated until the surface begins to dry and get firm. Then if a packer or roller or even a regular road drag could be run over the road it would pack this soft dirt in the ruts and uneven places. This packer could not be run to advantage so long as there is much sticky mud on the surface but should be run while the ground is still heavy and moist.

Drag Before Rain Too.

"Then as soon as the surface is dry enough use the ordinary road drag without gathering too much wet dirt in front of the drag. In case the dirt does pile up in front of the drag, a shovel should be carried on the drag and used to scatter this accumulation of dirt.

"It should not be allowed to lay in the road to endanger traffic by its suddenly coming upon one of these hummocks. Do not dump the dirt at the side of the road either, where it will clog the side drain which we have been trying to keep open.

"The dragging of a road before a rain is of as much importance as a rain if it after a rain. Dragging after a rain smoothes the road and keeps it in shape but even should it rain immediately after dragging, the ruts and holes have been filled.

All Should Aid.

"There being no place for the accumulation of water on the road grade, it quickly runs to the side drain and the road dries out much quicker than if the dragging were left until after the second rain.

"While it is not always possible to clear the snow from the center of the roads as soon as it falls, we have before us the evidences of the result of its being allowed to lay on the road and melt. In the present dilemma, however, everyone should hold himself ready to do all that he can to improve the road conditions at the first opportunity, in any manner that will get the best results."

NAME NORMAL HEAD TODAY

Board of Regents Meet at St. Joseph to
Name President and Reorganize.

A meeting of the board of regents of the State Normal school is being held at the Hotel Robidoux at St. Joseph this afternoon to select a Normal president for the next two years and to reorganize. In a telegraphic communication with W. A. Blagg, president of the board, at 3 o'clock this afternoon, information was given out that no action had so far been taken.

Prof. Ira Richardson, president of the Normal for the last two years, will probably be re-appointed. The new members of the board appointed last month by Governor Major are Charles L. Mosley, Stanberry; George M. Gromer, Pattonsburg, and W. H. Weightman, Mound City. They succeed J. B. O'Brien of St. Joseph, resigned; W. F. Rankin, Tarkio, and W. G. Hine, Savannah, whose terms expired January 1.

The members who remain are W. A. Blagg, Leo M. Phipps, Grant City, and True D. Parr, Hamilton.

Normal teachers will probably not be appointed until this spring or next summer.

WARN GERMANS FROM ITALY

Latin Authorities Notify Tensons at
Riviera to Leave Country at Once.
By American Press.

Paris, March 18.—Germans at resorts in Italian Riviera have been privately notified by Italian authorities to leave Italian territory immediately.

Special to the Democrat-Forum.

London, March 18.—The feeling of the populace against Austria-Hungary and German in Italy continues to grow more bitter, dispatches from that country state, and a declaration of war against Austria, at least, is expected at any time.

MRS. PISTOLE DIES.

Funeral Services Will Be Held Tomorrow
at Home, Near Hopkins.

Mrs. Henry T. Pistole, living four miles south of Hopkins, died at 2 o'clock this morning, her death following a two weeks serious illness.

The funeral services will be held at the home at 2 o'clock tomorrow afternoon. The interment will be made in White Oak cemetery.

Mrs. Pistole was 57 years old. She is survived by her husband and eight children. The children are Wallis W., Olin C., Alva L., Virgil, Glen, Velma and Anna Pistole and Mrs. Floy Millenbrant, all living at or near home.

INDICT GRANT CITY MAN.

Federal Jury Says Delbert Fletcher,
23, Sent Improper Matter
in Mail.

Delbert Fletcher, 23 years old, son of a farmer near Grant City, was indicted by a federal grand jury in St. Joseph yesterday, charged with having sent improper matter through the mails. Fletcher did not make any plea when he appeared in federal court there yesterday afternoon. His bond was fixed at \$500 for his appearance at the fall term. He furnished it.

ADDRESSES TEACHERS TODAY.

President Ira Richardson, Normal,
Goes to St. Joseph to Make Talk.

President Ira Richardson of the State Normal school went to St. Joseph this morning to make an address on educational work before the annual meeting of rural teachers of Buchanan county. W. M. Oakerson, formerly school superintendent of Nodaway county, now in the state educational department, also will make an address there this afternoon.

Give Lyceum Number Tonight.

The Maude Stevens company, the next to the last attraction on the 1914-1915 lyceum course at Burlington Junction, will entertain the lyceum supporters tonight with music and singing. It is considered one of the best numbers on the entire program of six numbers.

The final number will be given April 13, when George C. Aydelott appears. Burlington Junction already has arranged for another lyceum course next winter.

Returns to Nebraska Home.

Miss Denise Crawford of Nebraska City, Neb., who has been visiting the last two weeks at the home of her uncle, Charles McNeal, left this morning for her home.

Get License to Sell.

Bruce Clymans, 21 years old, of Hopkins, and Miss Benson J. Reeves, 20 years old, of Maryville, were granted a license to sell in the state of Missouri at the recorder of deeds yesterday afternoon, and thirty days.

CLUB WOMEN FEAST

TWENTIETH CENTURY MEMBERS
OBSERVE EIGHTH ANNIVERSARY.

DOES MUCH CIVIC WORK

Membership Increased from 8 to 94—
Belongs to City, State and National Federations.

To observe the eighth anniversary of its organization, seventy members of the Twentieth Century club attended a banquet given at 8:30 o'clock last night at the Linville hotel.

Preceding the banquet, a half-hour reception was held in the hotel parlors. The vice president and the chairman of each of the club departments composed the reception committee. In the receiving line were Mrs. J. C. Allender, Mrs. T. L. Wadley, Mrs. M. G. Tate, Mrs. R. C. Benight, Mrs. T. L. Wilderman and Miss Beatrix Winn. Their assistants were Mrs. D. J. Thomas, Mrs. J. D. Richey, Mrs. S. G. Gillam, Mrs. L. E. Dean, Mrs. J. S. Shinabargar, Mrs. R. L. McDougal, Mrs. John Cameron, Mrs. Berney Harris and Mrs. Charles Bullows.

The diners were seated at small tables, each centered with a mound of white narcissus and ferns. The place cards were booklets in the colors of green and white, with the name and date on the cover and the toast program on the inner side. A five course menu was served.

Miss Mary M. Hughes, a member of the Modern Drama department, was toastmistress. The subjects of the toasts were chosen as indicative of each department. Mrs. G. B. Holmes of the Shakespeare department responded to the toast "The Only Man in the Club." Mrs. A. A. Brewer had the subject "As We See It," and spoke of the work of the Tourist department.

"The Roof Tree," when responded to by Mrs. W. J. Montgomery, was a clever expression of the sentiments of the Arts and Crafts department. Mrs. Gilbert Cox of the Music department spoke of "Harmonies," and Miss Mildred Miller of the Modern Drama department of "Personalities." Each toast emphasized in a witty and bright way the purpose of the department.

The closing number of the program, "Reminiscences," was given by Mrs. E. G. Orear. Mrs. Orear's talk gave in brief a resume of the club's progress from the organization on March 17, 1906, when the first meeting was held at the home of Mrs. Horace Leet, with eight members present.

The Twentieth Century club now ranks third largest in the state with a membership of ninety-four. It belongs to the city, state and national federations and has been represented at all state and district meetings, and last year was represented at the national meeting by Mrs. George P. Belows.

It has taken an active part in all movements for civic improvement. In addition to its club benevolences, some of the things which have been accomplished are the procuring of the English drinking fountain, a large donation to the new elevator at St. Francis hospital, sanitary drinking cups in the ward schools, the "I'm Can Campaign," and the furnishing of the tea rooms of the Elks club.

LOCAL WOODMAN HONORED.

Roy Martin, Sovereign Delegate to National
W. O. W. Convention, Returns
from Hannibal.

Roy Martin was named one of six sovereign delegates from Missouri to the national convention of the Woodmen of America, to be held in St. Paul, Minn., next July, at the state convention at Hannibal this week. He and Charles Kiser and Ezra Phipps, delegates from Magnolia camp, No. 8, here, who were delegates to the state convention, returned this afternoon.

The four members of the Maryville band who accompanied the Mattland W. O. W. band to Hannibal also returned today. They were Melvin Atherton, Lawrence Shanks, Lou Denny and Irvin Stafford.

The next state convention will be held in Columbia in 1917. A state W. O. W. home site was not definitely selected.

Deferred Sale Held Today.

The public auction of live stock and farm implements, which was postponed on account of the weather some time ago, is being held today by Milo M. Adkins, at his farm, five miles west of Picking. He is offering a number of head of cattle, four horses and thirty pigs.

SPARKS FIRE ROOF; LOSS \$50

Burning Soot Believed to Have Caused
Flames at Ray Davis Home,
South Fillmore.

Fire, believed to have been caused from burning soot alighting on the roof, caused a damage of \$50 to the two-story frame residence owned by Dr. J. C. Allender and occupied by Ray Davis and family, at No. 316 South Fillmore street, at 5 o'clock yesterday afternoon. The flames burned a hole through the roof and burned away part of the rafters.

Prompt work of the fire department and neighbors prevented the flames from spreading. The use of chemical extinguishers inside instead of water, also prevented material damage to the house furnishings. Mr. Davis, who recently came here from Lincoln, Neb., to become secretary of the Standard Poland-China Record association, had moved to the Allender house but last Friday from No. 316 West First street.

The belief that sparks rather than a defective flue was the cause of the fire is borne alike by Mr. Davis. Mr. Allender and members of the fire department. Mr. Davis said there had been but slight fire in the furnace since that morning and that when the firemen arrived the chimney and flue were cold. Mrs. Davis also said she noticed nothing wrong with the flue when she went to the attic at 3 o'clock yesterday afternoon.

TO STATE Y. M. C. A. MEET

Four to Carthage Today—One to Speak
—Will Get Pointers for Local
Campaign.

The Rev. S. D. Harkness and Roy Curfman left this morning for Carthage to attend the annual state convention of the Young Men's Christian association, to be held there tomorrow, Saturday and Sunday. Mr. Harkness will deliver three addresses, taking the place of Dr. W. R. Dobyns of St. Joseph.

He will speak Saturday morning and afternoon and Sunday morning on the general topic of "Facts and Factors in the Spiritual Life of the Individual." The first will be relative to Bible study; the second, prayer, and the third, on personal work.

Both Mr. Harkness and Mr. Curfman hope to gain some pointers for renewing a campaign here this summer for the establishment of a Y. M. C. A. home.

Prof. R. A. Kinnaird of the State Normal school faculty and Edward Wells intend to leave this afternoon for the state convention at Carthage. Neither are on the program for addresses, but Prof. Kinnaird will probably make a short address.

ATTEND KANSAS CONFERENCE.

The Rev. G. S. Cox and Dr. W. B.
Christy at Topeka—Is Cox's
Old State.

The Rev. G. S. Cox, pastor of the First Methodist church, and Dr. W. B. Christy, district superintendent, are attending the Kansas annual Methodist Episcopal conference in Topeka, Kan., today. It is the first time that both the Kansas and the south Kansas conferences have met in joint session. The two recently were united. Mr. Cox formerly held pastorates in the south Kansas conference district.

Mr. Cox went to Kansas City Tuesday, where he visited with his parents until today. Both he and Dr. Christy expect to return home tomorrow morning.

New books—"The Rosary," "The Eagle's Mate," "Peg o' My Heart," "Damon and Pythias," just arrived at Alderman-Yehle's. 50 cents.

DODGE BROTHERS
Detroit

Your enthusiasm over one feature of the Dodge Brothers Motor Car has scarcely subsided before you discover that another then another reaches the same high plane

The full floating rear axle seems to stand out as an extraordinary value until you discover other values equally important—as, for instance, the Chrome Vanadium steel springs, the Chrome Vanadium steel gears, the Timken bearings, throughout, the real upholstery, etc.

The wheelbase is 110 inches. The price of the car complete is \$785.00 f. o. b. Detroit.

Kaines
MARYVILLE, MO.
HAS IT CHEAPER

USE 'SPUD' IN PLACE OF BREAD.

Government Experts Say Potatoe Will Supplant "Staff of Life," if Prices Rise.

If wheat remains at its present high figure or continues to rise in price, and if there is a corresponding increase in the price of bread, scientists in the department of agriculture at Washington suggest that the ordinary

household will find it advantageous to eat more potatoes and less bread. With potatoes at 60 cents a bushel, 10 cents' worth, or 10 pounds, will give the consumer a little more actual nourishment than two 1-pound loaves of bread at 5 cents each. The protein and fat are present in appreciably larger amounts in the bread, but the potatoes will be found to furnish more carbohydrate and more heat

Carbohydrates (starch) contribute greatly to the energy value of any diet and since potatoes are rich in these families that wish to expend their money to the best advantage are recommended to consider whether they can make a more extended use of them. They are easy to cook and when prepared in different ways can be made to lend variety to the winter diet when green vegetables are hard to obtain. Like other foods relatively rich in carbohydrates, however, potatoes

YOU'RE CONSTIPATED, BILIOUS!—CASCARETS

Sick Headache, Sour Stomach, Gas, Bad Breath, mean Liver and Bowels Need Cleansing.

Get a 10-cent box now. No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take Cascarets now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

should be eaten with foods correspondingly rich in protein, such as milk, meat, eggs, etc., and with foods like butter, cream, and meat fat to supply the fat that the body needs.

Under normal conditions in Europe and America the potato ranks next to

I hereby announce myself as a candidate for the Democratic nomination for the office of township assessor of Polk township. E. E. TILTON.

The Sharpless Tublar

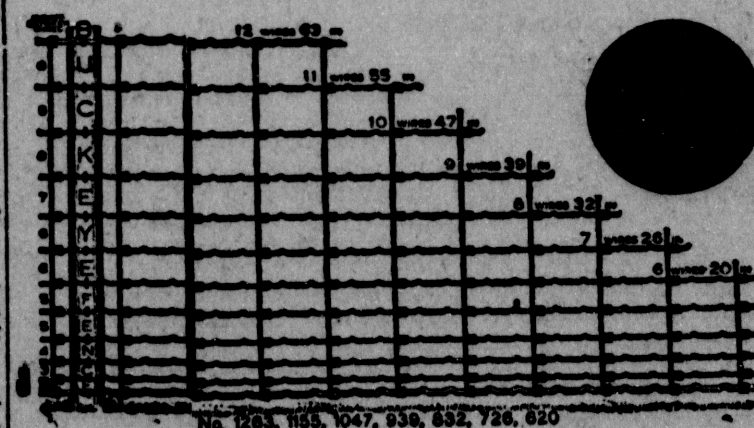

The Sharpless Tublar is the Separator that skims closer than any other because of its construction. The long slender bowl rotates much faster than the disc bowl and the centrifugal force, thus generating is equal to twice that of any other make, and the bowl being hung from the top in one set of ball bearings causes the bowl to run easier and with less friction and vibration than any other bowl on the market. And only three pieces to the bowl to wash. This means time saved for the busy housewife. Call and let us demonstrate to you the superiority of the **Sharpless** construction.

Do not buy your garden seed until you have seen our 1914 grown seed from the largest growers and importers.

The Old Trusty Incubator not only hatches strong and healthy chicks but a greater per centage of the eggs than any other because of the triple wall construction and the price appeals to all.

100 to 120 Eggs for	\$ 9.80
150 to 175 Eggs for	\$13.00
200 to 250 Eggs for	\$17.50

and the above prices are f.o.b. your nearest railroad station and we can ship these sizes the same day we receive the order.

The Buckeye Hinged Stay Fence gives satisfaction under all conditions because of its superior construction. It is built of No. 9 top and bottom and No. 11 intermediate and stay wire and extra heavy galvanized. Let us show you the merit of the Buckeye Hinged Stay Fence. We also have a full stock of Lawn, Garden and Chicken Fence.

GOLD DUST

You have used it many years, but do you know all its uses?

Millions of women use Gold Dust three times a day in washing dishes—

They use it regularly for scrubbing floors or woodwork—

They use it for washing windows—

But they do not realize the many ways in which Gold Dust can be used.

It meets every cleaning and brightening need in the house. The active principle of Gold Dust—the valuable antiseptic cleansing agent—quickly dissolves and removes dirt, grease and grime, so that you rinse it away, leaving the surface you have cleaned sanitariously bright and new-looking.

Give Gold Dust your full confidence. It actually works for you.

Gold Dust dissolves quickly in hot or cold water and makes a perfect cleansing solution.

A package of Gold Dust supplies you with the only cleaning and brightening powder you need in the home—and gives you the best results you can desire.

Use Gold Dust not only for washing dishes, but for washing glassware, washing bath tubs and bath room fixtures, cleaning and brightening metal work, pots, pans, and kettles, for scrubbing floors, washing woodwork, cleaning and freshening linoleum and oil cloth, and for all the hundreds of uses for which it is so particularly supreme.

Gold Dust is as inexpensive as it is indispensable.

5c and larger packages sold everywhere.

Mission Circle to Meet.

The Mission Circle of the First Christian church will meet Saturday afternoon at the home of Mrs. J. D. Richey, 310 South Walnut street, with Mrs. Byron Frost and Miss Ella Hazelrigg assistant hostesses. Mrs. Robert Lyle Finch will be the leader during the study hour.

Attend Sorority Reunion.

Miss Ruth Montgomery returned today from Columbia, where she has spent a week, the guest of Miss Helen Dunn of Bolckow, who is attending the Missouri state university. Miss Montgomery went to attend the annual reunion of the Delta Gamma sorority, of which she is a member. Miss Marjorie Willey, who is also a sorority member, attended the reunion festivities and returned home Tuesday night.

St. Patrick's Reception.

One of the most radiant of the events to interest the fashionable world during the early spring weeks as a reception given yesterday afternoon by Mrs. Joel Howard Todd, Mrs. Harry Clayton Todd and Miss Beesie Walton Todd, at the home of Mrs. J. H. Todd, 209 West Second street. Three hundred friends were entertained during the hours of 2:30 to 5:30 o'clock. The windows were veiled and the entire home transformed into an indoor bower of greenery by the use of southern smilax, ferns and carnation. The spirit of St. Patrick's day was shown in the decorative designs, favors and colors. The windows, door grilles and electroliners were twined with branches of smilax. Everywhere, to add beauty, were vases, holding clusters of green and white carnations. In the music room Maulding's orchestra presented a program during the receiving hours. The players were screened by a rail formed of tall pedestals bearing immense ferns, with an Arabian lamp wound in smilax placed in the center. In the living rooms punch was served from a table, decorated with green

Benefit of the

WESLEYAN BIBLE CLASS

EVERYBODY INVITED

shamrocks and St. Patrick's emblems. Mrs. John Richey and Mrs. Robert Finch served, and their assistants were Miss Mildred Robinson, Miss Martha Koch, Miss Gertrude Wright, Miss Virginia Rose, Miss Cora Price and Miss Vera Tilson. Mrs. James B. Robinson distributed favors of tiny silk shamrocks. In the dining room an overhead canopy was formed of southern smilax, and from the center of the ceiling above the table was suspended an immense branch of smilax that diverged to the four corners with trailing branches. The centerpiece was of green and white carnations. Mrs. G. B. Roseberry and Mrs. J. D. Frank presided at the table and were assisted by Mrs. Emmett Scott, Misses Jeanette and Julia Tate and Miss Grace Langan. The menu, served by Reuillard, was carried out in green and white, the design being in St. Patrick's favors. Assisting in entertaining were the three small daughters of Mr. and Mrs. Harry Todd, Genevieve, Mary and Winifred, who carried out the colors of the afternoon by wearing dainty white frocks and perky hair bows of green. Other assisting friends of the afternoon were Mrs. J. S. Shinabargar, Mrs. John Eldon Bailey, Mrs. J. R. Brink, Mrs. E. G. Orear, Mrs. J. C. Denham and Mrs. M. G. Tate.

A BIT OF ADVICE.

First, Don't Delay—Second, Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Maryville residents desire more convincing proof of their effectiveness than the statement of a Maryville citizen who has used them and willingly testifies to their worth.

Mrs. James Fisher, 804 East Fifth street, Maryville, says: "I used Doan's Kidney Pills, which I got at Love & Gaugh's drug store, and they gave me relief from backache and pains in my sides."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fisher had. Foster-Milburn Co., Props, Buffalo, N. Y.

Market Live Stock.

The following Nodaway county farmers and stockmen marketed live stock in St. Joseph yesterday:

H. A. Lemon, Wilcox; Wells & M., Maryville; L. V. Chambers, Pickering; W. N. Houston, Burlington Junction; J. Suttle, Quitman; D. H. Stanson, Stanson Bros., Taylor & Z. and W. M. Taylor, Skidmore.

People Say To Us

"I cannot eat this or that food, it does not agree with me." Our advice to all of them is to take a

Rexall Dyspepsia Tablet

before and after each meal. 25c a box. Orear-Henry Drug Co.

Marketed Live Stock.

New books—"The Rosary," "The Eagle's Mate," "Peg o' My Heart," "Damon and Pythias," just arrived at Alderman-Yehle's. 50 cents.

SCHOOL ELECTION NOTICE.

Notice is hereby given to the qualified voters of the independent school district of Maryville, Missouri, that at the regular annual election of said district, to be held at the voting places in the various wards in the city of Maryville, for the election of city officers of said city of Maryville, on

Tuesday, April 6th, 1915, there will be submitted to the qualified voters, who are taxpayers of said school district voting at such election, a proposition to levy a tax of six mills on the dollar on the taxable property of said district in addition to the four mills authorized by law to be levied by the board of directors of said school district for the maintenance of the schools and for school purposes in said school district for the next ensuing school year.

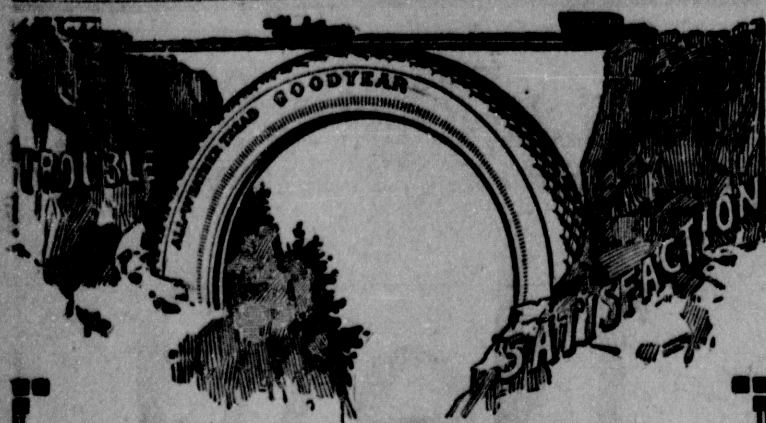

Also the election of two directors for the term of three years each.

Done by order of the board of directors this 27th day of February, 1915.

J. R. BRINK,
President of the Board.

GEORGE P. WRIGHT, Secretary.

Fortified Tires

Span the Way from Trouble

Goodyear tires have bridged the way for countless men to less trouble and tax. And those men, by their endorsement, brought our last year's output up to 1,479,893 tires.

Why do you suppose that Goodyear holds top place—you who use other tires? They have held that place for years, outselling any other.

The only reason, as you must know, is that Goodyears average best. And that's how they are bound to win you.

The Super-Tire

They are not trouble-proof. Mishaps come to them, misuse affects them, much like other tires.

But Goodyears are Fortified Tires. They protect you in five ways employed by no other maker. They combat five major troubles in unique

ways, exclusive to Fortified Tires.

These five extra features cost us fortunes. One alone—our "On-Air" cure—costs us \$450,000 yearly. But they save Goodyear users millions of dollars yearly. They avoid countless troubles for them.

Lower Prices

On February 1st we made another big reduction. That makes three in two years, totaling 45 per cent. We are giving you, through mammoth production, the best tire value ever known.

Please prove this, for your own sake, by the tire itself. The following Goodyear Service Stations will supply you:

SELLS HOPKINS RESIDENCE.

Returned Florida Families Rebuy in Nodaway—Only Like Climate of the South.

Charles Litsch has sold his residence and five acres of ground in East Hopkins to Joseph Galey and William French for \$5,000. The purchasers, who have just returned from Florida, will take possession at once. Mr. Litsch and family will probably move to Nebraska, after a short visit in Kansas this spring.

In speaking of the return of the French and Galey families from Florida, the Journal says:

Fortunately they only bought about 70 acres, paying a dollar an acre down and a dollar an acre on it each suc-

ceeding month, so if they now let it drop they are not out enough to hurt them much.

In talking with John Galey, he says the water is standing over most of the ground and that he has nothing good to say of the country except the climate—that's fine.

Five things work against the farmer or truck raiser there: The markets, insects, frosts, dry and wet weather, it being very hard to find conditions such as to make a profit for the growers of the principal crops—tomatoes, celery, beans, potatoes, etc., conditions being favorable for one, you lose on the others.

One man there shipped a car of tomatoes and lacked \$7.50 of having enough to pay the freight—that's mar-

ket conditions. Insects have to be sprayed against the year round, and the effects of early frosts as "bugaboos" as big as the insects.

And when you lose a crop it hurts much worse than it does here, as it is necessary to use fertilizer there on all the land, and this costs you around forty dollars an acre, so if you lose a crop you not only lose your labor and seed but the price of the fertilizer as well.

Hay is \$20 a ton, interest 10 per cent and the niggers more independent than a hog on ice. They lay around until they are needed to save certain crops from going to waste, when they make the growers pay two or three prices to secure their help. "No Florida for Me," is the way John puts it.

TAKES OFF DANDRUFF

HAIR STOPS FALLING.

Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderrine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderrine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderrine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderrine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderrine.

PARNELL NOTES.

Township election will soon be here, and let us hope that the voters will make no mistake. The interests of the township demands the best men to be had.

Following the township comes the school election. Here is another place where everybody has an interest. Only men of character, ability and general usefulness should be placed in charge of the schools. An incompetent, careless board can easily spend the dis-

Growing Children

frequently need a food tonic and tissue builder for their good health.

"TIZ" EASES TIRED, SORE, SWOLLEN FEET

Nothing Like "TIZ" for Aching, Sweaty, Calloused Feet and Corns— "TIZ" is Glorious!

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off. Why don't you get a 25-cent box of "TIZ" from the drug store now and gladden your tortured feet?

"TIZ" makes you feel glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "TIZ" instantly stops pain in corns, callouses and bunions. "TIZ" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

This country is not so unprepared for war on the seas as is generally supposed. She could put thirty-three battleships in commission at the present time. Seven are being built, two of which will be put into commission some time this year. Twenty-one are under construction or authorized.

PAVE WEST THIRD TO NORMAL PARK?

PROPERTY OWNERS, FREDERICK
TO CHAUTAUQUA GROUNDS FAVOR

ALDERMAN INSPECTS THE ST. LOUIS PAVING

H. L. Raines Says Park Commissioner
Recommends Bituminous Product
—Engineer Flynt Concurs.

That a majority of persons owning property abutting West Third street from Frederick street, west four blocks to the city limits, apparently favor the paving of that thoroughfare this coming spring, is the statement of H. L. Raines, city alderman. The paving of the block from the end of West Third to the southeast corner of the State Normal park or Chautauqua grounds, also is believed to be possible this spring. Several persons owning property along that part are in favor of the improvement, it is said. Among those said to be favorable to the proposition and that will aid the council in getting that street paved are R. B. Montgomery, Roy Pettit, Prof. W. A. Rickenbrode, Marvin A. Peery, Late Forsyth and Nathaniel Sisson. It is believed that Fred P. Robinson, J. B. Robinson and other members of the Robinson family also would favor the paving of West Third street. In fact, virtually no opposition has come to the surface yet.

Prof. Richardson Favors It.
Prof. Ira Richardson, president of the State Normal school, which owns all the property abutting West Third street on both sides of one block, up-paved, and all of one side on another block, also is urging that such a movement be made, according to Mr. Sisson. While it is not definitely known yet that the state would favor the extra expense necessary to the paving, it is the opinion of some that it would.

"I believe a big majority of the property owners along the five blocks would be in favor of the paving," said Mr. Sisson this morning. "In fact, I do not believe any would oppose, except possibly the non-residents who own property along the street. But even that opposition would not be sufficient to retard the improvement."

Makes Paving Inspection.
It has not yet been decided whether a petition will be circulated asking that such an improvement be made, or that just a few property owners go before the city council and urge that a resolution for the paving be adopted.

Preparatory to the contemplated spring paving in Maryville, H. L. Raines, councilman, while in St. Louis this week, took a day off to inspect the various kinds of paving there and to consult with paving experts relative to the merits and demerits of the various forms.

Mr. Raines consulted Dwight Davis, millionaire member of the park commission and also took a drive over the streets with Thomas O'Hearn, who is in charge of the street improvements in Forest Park Highlands.

Prefers Asphaltic Surface.
It is the opinion of Mr. Raines, after this inspection, that a paving with either cement or macadam base, and a filler and surface of some form of bituminous product or tar, would be best for pavements here. This also is concurred in by City Engineer F. L. Flynt, who has been in consultation with street commissioners of Kansas City, and has been examining propositions.

No sentiment has been openly expressed by any property owners relative to the form of paving they prefer, but it seems that no opposition is made to asphaltic paving of some form. The extra cost of brick paving over asphaltic paving is one reason why it is believed the brick paving would not be favored this time.

Miss Airy Ill.
Miss Lucile Airy has been ill for several days, suffering with a severe attack of grip.

EPWORTHIANS MEET IN JUNE

Missouri Methodist Young People
Gather in Cameron—The Rev.
Cox Member of Board.

The annual Epworth League institute of the Missouri conference of the Methodist Episcopal church will be held on the campus of the Missouri Wesleyan college at Cameron, from June 7 to 13, according to a decision of the directors yesterday.

Class study will be conducted each morning by the Wesleyan college faculty. The afternoons will be for recreation, while each night strong programs of music and lectures are being provided.

The Rev. G. S. Cox, pastor of the First Methodist church here, is a member of the board of directors of the institute. The local Epworth League will probably send two delegates to the institute, while many more will likely attend for one or more days.

The institute lecturers are C. O. Kimball, St. Joseph, June 7; M. M. Gray, Kansas City, June 8; O. L. Sample, Hannibal, June 9; J. A. Stavelly, Parsons, Kan., June 10; Allen P. DeLong, June 11; B. F. Jones, Cameron, June 12; D. J. Evans and Clarence True Wilson, Sunday, June 13.

RETURNS FROM CONVENTION.

H. L. Raines Makes Principal Address
at Retail Jewelers' Meet.

H. L. Raines returned this morning from St. Louis, where he attended the annual convention of the Missouri State Retail Jewelers' association. Mr. Raines has been president of the association for the past two years, and previous to holding the head office he held the secretaryship of the organization for three years.

Mr. Raines gave the principal address of the convention, which was in session from Monday until Wednesday. The newly elected officers are L. C. Ebeling of St. Louis, president; W. F. Maxwell of St. Joseph, vice president, and Adam Hafner of DeSoto, secretary.

The 1916 meeting will be held at Kansas City, and will be a joint meeting with the Kansas association.

Several other jewelers in the city are members of the association, but were unable to attend.

SCHOOL CHILDREN GIVE CONCERT

Proceeds to Pay for Victrola Placed
in Garfield School.

The pupils of the Garfield school will give a victrola concert at 3:15 tomorrow afternoon at the school. Everyone interested in the children and their work is invited. A silver offering will be taken, which will apply on the final payment of a victrola which the school purchased a short time ago. The concert will be in charge of Prof. P. O. London, who will also talk of the benefits to be gained in child education by having such instruments in the school.

The teachers of the school, Miss Julia Denny, Miss Glen Hotchkiss and Miss Ella Hazelrigg, will receive the visitors.

HOPKINS MAY GET PAVING.

Farmers Want Town to Better Streets
—May Make Improvements
in Spring.

Many of the farmers who trade in Hopkins have remarked that they would be mighty glad to see the business streets of the town paved, says the Hopkins Journal.

J. C. Mendenhall, who lives north of Hopkins, said it would be the wisest thing done here for many years and that he expected to not only see the business streets of Hopkins, but many of the leading residence streets of the town, paved before five years, and we believe he is right.

Paving would be an advertisement worth thousands of dollars to the town, to say nothing of the convenience.

Reuillards Give Concert.

Rag time music, classical music and Irish numbers galore were furnished by a Kansas City colored orchestra at Reuillards' last night, as a special feature in observance of St. Patrick's day.

To Visit in Kansas City.

Mrs. W. H. Whitney left Tuesday evening for Kansas City, where she will spend a few days visiting her parents, Mr. and Mrs. J. J. Ridgley.

TO IMPROVE ROADS

HIGHWAY EXPERT URGES FARMERS
TO AID NATURE.

SMOOTH SURFACE FIRST

John Clary Advises Eradication of the
Ruts and Water, Then Drag—
Would Restrain Late Work.

The improvement of the roads and public highways of Nodaway county should be the principal object of all who travel them, at the present time, according to John H. Clary, former county highway engineer. While the mud is still nearly hub deep in places and everywhere prevents one from exceeding the speed limits, the condition will slowly improve, it is believed barring further rains or snows.

A number of farmers, especially the more progressive ones of the county have prepared road drags, where they lacked one, in readiness to drag at least a mile of highway when the roads get in such condition as to make dragging possible. It is being urged that more drags be constructed so that when the good weather really does come, the roads can be placed in better condition.

Can't Expect 'Good' Roads.

"In the face of the conditions of the roads at the present time," said Mr. Clary, "the most serious problem just now is what to do to get the roads in an even 'near normal' condition. We have virtually all the things in the high ways that we do not want."

"The drainage has been interfered with by snow banks, and about every other handicap that the winter season affords, and now is apparent. The result is, an over supply of moisture when we do not want it and the bottom has fallen out of the roads as a result. In many places the condition is made worse because of the working or grading of roads late last fall."

Should Prevent Fall Repairs.

"There is a statute in the Missouri road laws which provides that all regular grading of the roads must be done prior to August 1, each year and any overseer should be prevented from doing such work after that date even if legal action is necessary."

"Not all roads demand or will permit of the same treatment, but in general, a harrow or a float drag, such as is used to smash clods on listed corn ridges is good. If run over the road as soon as a team can get through reasonably well, it will smash and scatter the piles of dirt and fill the ruts made by the wheels and force out much of the water and close up many of the openings which are holding water."

"This operation should be repeated until the surface begins to dry and get firm. Then if a packer or roller or even a regular road drag could be run over the road it would pack this soft dirt in the ruts and uneven places. This packer could not be run to advantage so long as there is much sticky mud on the surface but should be run while the ground is still heavy and moist."

Drag Before Rain Too.

"Then as soon as the surface is dry enough use the ordinary road drag without gathering too much wet dirt in front of the drag. In case the dirt does pile up in front of the drag, a shovel should be carried on the drag and used to scatter this accumulation of dirt."

"It should not be allowed to lay in the road to endanger traffic by its suddenly coming upon one of these hummocks. Do not dump the dirt at the side of the road either, where it will clog the side drain which we have been trying to keep open."

"The dragging of a road before a rain is of as much importance as to drag it after a rain. Dragging after a rain smoothes the road and keeps it in shape but even should it rain immediately after dragging, the ruts and holes have been filled."

All Should Aid.

"There being no place for the accumulation of water on the road grade, it quickly runs to the side drain and the road dries out much quicker than if the dragging were left until after the second rain."

"While it is not always possible to clear the snow from the center of the roads as soon as it falls, we have before us the evidences of the result of its being allowed to lay on the road and melt. In the present dilemma, however, everyone should hold himself ready to do all that he can to improve the road conditions at the first opportunity, in any manner that will get the best results."

Read Democrat-Forum want ads.

NAME NORMAL HEAD TODAY

Board of Regents Meet at St. Joseph to
Name President and Reorganize.

A meeting of the board of regents of the State Normal school is being held at the Hotel Robidoux at St. Joseph this afternoon to select a Normal president for the next two years and to reorganize. In a telegraphic communication with W. A. Blagg, president of the board, at 3 o'clock this afternoon, information was given out that no action had so far been taken.

Prof. Ira Richardson, president of the Normal for the last two years, will probably be re-appointed. The new members of the board appointed last month by Governor Major are Charles L. Mosley, Stanberry; George M. Gromer, Pottsville; and W. H. Weightman, Mound City. They succeed J. B. O'Brien of St. Joseph, resigned; W. F. Rankin, Tarkio, and W. G. Hine, Savannah, whose terms expired January 1.

The members who remain are W. A. Blagg, Leo M. Phipps, Grant City, and True D. Parr, Hamilton.

Normal teachers will probably not be appointed until this spring or next summer.

WARN GERMANS FROM ITALY

Latin Authorities Notify Tentons at
Riviera to Leave Country at Once.

Paris, March 18.—Germans at resorts in Italian Riviera have been privately notified by Italian authorities to leave Italian territory immediately.

Special to the Democrat-Forum.

London, March 18.—The feeling of the populace against Austria-Hungary and German in Italy continues to grow more bitter, dispatches from that country state, and a declaration of war against Austria, at least, is expected at any time.

MRS. PISTOLE DIES.

Funeral Services Will Be Held Tomorrow
at Home, Near Hopkins.

Mrs. Henry T. Pistole, living four miles south of Hopkins, died at 2 o'clock this morning, her death following a two weeks serious illness.

The funeral services will be held at the home at 2 o'clock tomorrow afternoon. The interment will be made in White Oak cemetery.

Mrs. Pistole was 57 years old. She is survived by her husband and eight children. The children are Wallis W. Olin C., Alva L., Virgil, Glen, Velma and Anna Pistole and Mrs. Floy Milenbrant, all living at or near home.

INDICT GRANT CITY MAN.

Federal Jury Says Delbert Fletchall,
23, Sent Improper Matter
in Mail.

Delbert Fletchall, 23 years old, son of a farmer near Grant City, was indicted by a federal grand jury in St. Joseph yesterday, charged with having sent improper matter through the mails. Fletchall did not make any plea when he appeared in federal court there yesterday afternoon. His bond was fixed at \$500 for his appearance at the fall term. He furnished it.

ADDRESSES TEACHERS TODAY.

President Ira Richardson, Normal,
Goes to St. Joseph to Make Talk.

President Ira Richardson of the State Normal school went to St. Joseph this morning to make an address on educational work before the annual meeting of rural teachers of Buchanan county. W. M. Oakerson, formerly school superintendent of Nodaway county, now in the state educational department, also will make an address there this afternoon.

Give Lyceum Number Tonight.

The Maude Stevens company, the next to the last attraction on the 1914-1915 lyceum course at Burlington Junction, will entertain the lyceum supporters tonight with music and singing. It is considered one of the best numbers on the entire program of six numbers.

The final number will be given April 13, when George C. Aydelott appears. Burlington Junction already has arranged for another lyceum course next winter.

Returns to Nebraska Home.

Miss Densie Crawford of Nebraska City, Neb., who has been visiting the last two weeks at the home of her uncle, Charles McNeal, left this morning for her home.

Get License to Wed.

Bruce Clymens, 21 years old, of Hopkins, and Miss Bessie J. DeVore, 20 years old, of Maryville, were granted a license to marry in the office of the recorder of deeds yesterday afternoon.

CLUB WOMEN FEAST

TWENTIETH CENTURY MEMBERS
OBSERVE EIGHTH ANNIVERSARY.

DOES MUCH CIVIC WORK

Membership Increased from 8 to 94—
Belongs to City, State and National Federations.

To observe the eighth anniversary of its organization, seventy members of the Twentieth Century club attended a banquet given at 8:30 o'clock last night at the Linnville hotel.

Preceding the banquet, a half-hour reception was held in the hotel parlors. The vice president and the chairman of each of the club departments composed the reception committee. In the receiving line were Mrs. J. C. Allender, Mrs. T. L. Wadley, Mrs. M. G. Tate, Mrs. R. C. Benight, Mrs. T. L. Wilderman and Miss Beatrix Winn. Their assistants were Mrs. D. J. Thomas, Mrs. J. D. Richey, Mrs. S. G. Gillam, Mrs. L. E. Dean, Mrs. J. S. Shinabargar, Mrs. R. L. McDougal, Mrs. John Cameron, Mrs. Berney Harris and Mrs. Charles Bellows.

The diners were seated at small tables, each centered with a mound of white narcissus and ferns. The place cards were booklets in the colors of green and white, with the name and date on the cover and the toast program on the inner side. A five course menu was served.

Miss Mary M. Hughes, a member of the Modern Drama department, was toastmistress. The subjects of the toasts were chosen as indicative of each department. Mrs. G. B. Holmes of the Shakespeare department responded to the toast "The Only Man in the Club." Mrs. A. A. Brewer had the subject "As We See It," and spoke of the work of the Tourist department.

"The Roof Tree," when responded to by Mrs. W. J. Montgomery, was a clever expression of the sentiments of the Arts and Crafts department. Mrs. Gilbert Cox of the Music department spoke of "Harmonies," and Miss Mildred Miller of the Modern Drama department of "Personalities." Each toast emphasized in a witty and bright way the purpose of the department. The closing number of the program, "Reminiscences," was given by Mrs. E. G. Orear. Mrs. Orear's talk gave in brief a resume of the club's progress from the organization on March 17, 1906, when the first meeting was held at the home of Mrs. Horace Leet, with eight members present.

The Twentieth Century club now ranks third largest in the state with a membership of ninety-four. It belongs to the city, state and national federations and has been represented at all state and district meetings, and last year was represented at the national meeting by Mrs. George P. Bellows.

It has taken an active part in all movements for civic improvement. In addition to its club benevolences, some of the things which have been accomplished are the procuring of the Ensign drinking fountain, a large donation to the new elevator at St. Francis hospital, sanitary drinking cups in the ward schools, the "In Can Campaign," and the furnishing of the tea rooms of the Elks club.

LOCAL WOODMAN HONORED.

Roy Martin, Sovereign Delegate to National W. O. W. Convention, Returns from Hannibal.

Roy Martin was named one of six sovereign delegates from Missouri to the national convention of the Woodmen of America, to be held in St. Paul, Minn., next July, at the state convention at Hannibal this week. He and Charles Kiser and Ezra Phipps, delegates from Magnolia camp, No. 8, here, who were delegates to the state convention, returned this afternoon.

The four members of the Maryville band who accompanied the Maitland W. O. W. band to Hannibal also returned today. They were Melvin Atherton, Lawrence Shanks, Lou Denny and Irvin Stafford.

The next state convention will be held in Columbia in 1917. A state W. O. W. home site was not definitely selected.

Deferred Sale Held Today.

The public auction of live stock and farm implements, which was postponed on account of the weather some time ago, is being held today by Milo M. Ashford, at his farm, five miles west of Pickering. He is offering sixty-five head of cattle, four horses and thirty hogs.

SPARKS FIRE ROOF; LOSS \$50

Burning Soot Believed to Have Caused
Flames at Ray Davis Home,
South Fillmore.

Fire, believed to have been caused from burning soot alighting on the roof, caused a damage of \$50 to the two-story frame residence owned by Dr. J. C. Allender and occupied by Ray Davis and family, at No. 316 South Fillmore street, at 5 o'clock yesterday afternoon. The flames burned a hole through the roof and burned away part of the rafters.

Prompt work of the fire department and neighbors prevented the flames from spreading. The use of chemical extinguishers inside instead of water, also prevented material damage to the house furnishings. Mr. Davis, who recently came here from Lincoln, Neb., to become secretary of the Standard Poland-China Record association, had moved to the Allender house but last Friday from No. 316 West First street. The belief that sparks rather than a defective flue was the cause of the fire is borne alike by Mr. Davis, Mr. Allender and members of the fire department. Mr. Davis said there had been but slight fire in the furnace since that morning and that when the firemen arrived the chimney and flue were cold. Mrs. Davis also said she noticed nothing wrong with the flue when she went to the attic at 3 o'clock yesterday afternoon.

TO STATE Y. M. C. A. MEET

Four to Carthage Today—One to Speak
—Will Get Pointers for Local Campaign.

The Rev. S. D. Harkness and Roy Curfman left this morning for Carthage to attend the annual state convention of the Young Men's Christian association, to be held there tomorrow, Saturday and Sunday. Mr. Harkness will deliver three addresses, taking the place of Dr. W. R. Dobyns of St. Joseph.

He will speak Saturday morning and afternoon and Sunday morning on the general topic of "Facts and Factors in the Spiritual Life of the Individual." The first will be relative to Bible study; the second, prayer, and the third, on personal work.

Both Mr. Harkness and Mr. Curfman hope to gain some pointers for renewing a campaign here this summer for the establishment of a Y. M. C. A. home.

Prof. R. A. Kinnaird of the State Normal school faculty and Edward Wells intend to leave this afternoon for the state convention at Carthage. Neither are on the program for addresses, but Prof. Kinnaird will probably make a short address.

ATTEND KANSAS CONFERENCE.

The Rev. G. S. Cox and Dr. W. B. Christy at Topeka—Is Cox's
Old State.

The Rev. G. S. Cox, pastor of the First Methodist church, and Dr. W. B. Christy, district superintendent, are attending the Kansas annual Methodist Episcopal conference in Topeka, Kan., today. It is the first time that both the Kansas and the south Kansas conferences have met in joint session. The two recently were united. Mr. Cox formerly held pastorates in the south Kansas conference district.

Mr. Cox went to Kansas City Tuesday, where he visited with his parents until today. Both he and Dr. Christy expect to return home tomorrow morning.

New books—"The Rosary," "The Eagle's Mate," "Peg o' My Heart," "Damon and Pythias," just arrived at Alderman-Yehle's. 50 cents.

TURKISH CAPITOL SAFE A MONTH YET

FRENCH CAPTAIN SAYS MANY
DARDANELLES FORTS REMAIN.

NARROWS AT CHANAK KALESSI STRONGEST

Allies Believe Passage of That Strong-
hold Will Insure Entrance to
Constantinople.

By American Press.

Milan, via Paris, March 18.—Frudence will govern the work of the admirals in charge of the allied fleets in trying to force the passage of the Dardanelles, according to a special correspondent of the Corrier Daily Sera, which gives the captain of the French hospital ship Canada as authority for the statement.

At least another month, he says, will be spent by the allies in efforts to silence the Turkish fortifications of the Dardanelles, especially those guarding the narrows at Chanak Kalesi, situated midway between the entrance of the straits at the Mediterranean sea and the Sea of Marmora. It stands at the most formidable and narrowest point of the Dardanelles.

The sweeping of the mines to Chanak Kalesi has now been begun by the allied fleet. The direct bombardment of Chanak will be begun as soon as the waters are cleared of mines, according to a French rear admiral. After the passage of the narrows, it is said, the remaining forts are not formidable, and the advance on Constantinople then will be easy.

The operations of the allies recently against Smyrna, Turkey, in the archipelago, the Corrier correspondent declares, had a double object—first, to prevent the transfer of the Thirteenth army corps, which was preparing to leave for the Dardanelles, and second, to cut off communications of the army which was sent against the allies.

GERMAN WARSHIP IS SUNK

Reported Cruiser Karlsruhe Blew Up
—Only the Kron Prinz Wilhelm
Remains on Seas.

Special to the Democrat-Forum.

London, March 18.—The German cruiser Karlsruhe, with part of her crew were drowned when boiler explosions burst the ship in two, according to a Copenhagen correspondent. Between 150 and 200 of the men aboard were saved.

This leaves only the German warship Kron Prinz Wilhelm still at large on the high seas. The Dresden was sunk a few days ago while the Prinz Eitel Friedrich ran into port at Newport News, Va.

Haines
MARYVILLE, MO.
HAS IT CHEAPER

USE 'SPUD' IN PLACE OF BREAD.

Government Experts Say Potatoe Will Supplant "Staff of Life," if Prices Rise.

If wheat remains at its present high figure or continues to rise in price, and if there is a corresponding increase in the price of bread, scientists in the department of agriculture at Washington suggest that the ordinary

household will find it advantageous to eat more potatoes and less bread. With potatoes at 60 cents a bushel, 10 cents' worth, or 10 pounds, will give the consumer a little more actual nourishment than two 1-pound loaves of bread at 5 cents each. The protein and fat are present in appreciably larger amounts in the bread, but the potatoes will be found to furnish more carbohydrate and more heat

I hereby announce myself as a candidate for the Democratic nomination for the office of township assessor of Polk township. E. E. TILTON.

The Sharpless Tublar

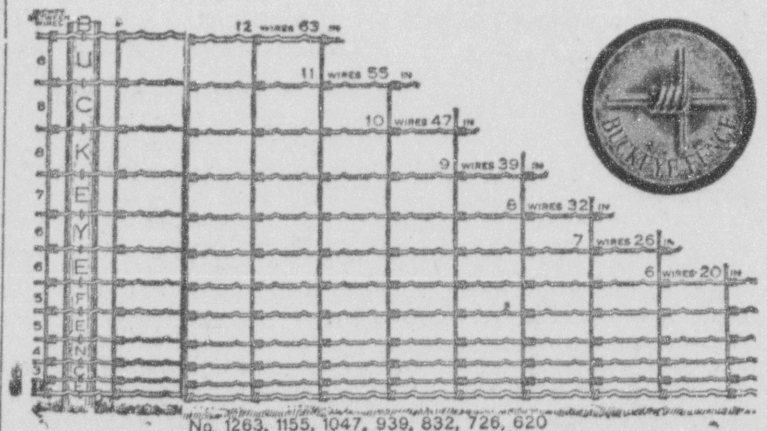

The Sharpless Tublar is the Separator that skims closer than any other because of its construction. The long slender bowl rotates much faster than the disc bowl and the centrifugal force, thus generating is equal to twice that of any other make, and the bowl being hung from the top in one set of ball bearings causes the bowl to run easier and with less friction and vibration than any other bowl on the market. And only three pieces to the bowl to wash. This means time saved for the busy housewife. Call and let us demonstrate to you the superiority of the **Sharpless** construction.

Do not buy your garden seed until you have seen our 1914 grown seed from the largest growers and importers.

The Old Trusty Incubator not only hatches strong and healthy chicks but a greater percentage of the eggs than any other because of the triple wall construction and the price appeals to all.

100 to 120 Eggs for	\$ 9.80
150 to 175 Eggs for	\$13.00
200 to 250 Eggs for	\$17.50

and the above prices are f.o.b. your nearest railroad station and we can ship these sizes the same day we receive the order.

The Buckeye Hinged Stay Fence gives satisfaction under all conditions because of its superior construction. It is built of No. 9 top and bottom and No. 11 intermediate and stay wire and extra heavy galvanized. Let us show you the merit of the Buckeye Hinged Stay Fence. We also have a full stock of Lawn, Garden and Chicken Fence.

Missouri's building on the Panama-Pacific exposition grounds, which was dedicated recently, is a magnificent two-story structure built of travertine in harmony with the color plan of the exhibit palaces. It is built in the colonial style of the Georgian period and is situated on a terraced lawn with ornamental gardens on all sides. The interior is devoted chiefly to a spacious ball room, equipped also with a stage at one end. The building also has a library, rest rooms and offices on the

first floor. Upstairs is a gallery running the full length of the building on all sides, opening into suites for visiting officials.

At the close of the biennial period December 31 last, Missouri's auditor completed his estimates of the revenue receipts of the state from all sources for the years 1915-16 and placed the total amount at \$11,500,000. This, in his opinion, is the full amount the forty-eighth general assembly may ap-

propriate. Just how much of this vast sum will be left after the army of clerks, stenographers and doorkeepers employed by the legislature has been paid is yet to be determined.

Statements of the federal reserve bank show that it is a growing institution. The statement for the week ending March 12 shows a gain of \$59,365.78 in bills discounted and loans. The total investments increased \$118,525 in the same time.

SOCIETY AND CLUBLAND

KATE SCHENCK
Phones—Office 42 Home 682

Mission Circle to Meet.

The Mission Circle of the First Christian church will meet Saturday afternoon at the home of Mrs. J. D. Richey, 310 South Walnut street, with Mrs. Byron Frost and Miss Ella Hazelrigg assisting hostesses. Mrs. Robert Lyle Finch will be the leader during the study hour.

Attend Sorority Reunion.

Miss Ruth Montgomery returned today from Columbia, where she has spent a week, the guest of Miss Helen Dunn of Bolckow, who is attending the Missouri state university. Miss Montgomery went to attend the annual reunion of the Delta Gamma sorority, of which she is a member. Miss Marjorie Willey, who is also a sorority member, attended the reunion festivities and returned home Tuesday night.

St. Patrick's Reception.

One of the most radiant of the events to interest the fashionable world during the early spring weeks as a reception given yesterday afternoon by Mrs. Joel Howard Todd, Mrs. Harry Clayton Todd and Miss Bessie Walton Todd, at the home of Mrs. J. H. Todd, 209 West Second street. Three hundred friends were entertained during the hours of 2:30 to 5:30 o'clock. The windows were veiled and the entire home transformed into an indoor bower of greenery by the use of southern smilax, ferns and carnation. The spirit of St. Patrick's day was shown in the decorative designs, favors and colors. The windows, door grilles and electrolliers were twined with branches of smilax. Everywhere, to add beauty, were vases, holding clusters of green and white carnations. In the music room Maundling's orchestra presented a program during the receiving hours. The players were screened by a rail formed of tall pedestals bearing immense ferns, with an Arabian harp wound in smilax placed in the center. In the living rooms punch was served from a table, decorated with green

CLASS
EVERYBODY INVITED

shamrocks and St. Patrick's emblems. Mrs. John Richey and Mrs. Robert Finch served, and their assistants were Miss Mildred Robinson, Miss Martha Koch, Miss Gertrude Wright, Miss Virginia Rose, Miss Cora Price and Miss Vera Tilson. Mrs. James B. Robinson distributed favors of tiny silk shamrocks. In the dining room an overhead canopy was formed of southern smilax, and from the center of the ceiling above the table was suspended an immense branch of smilax that diverged to the four corners with trailing branches. The centerpiece was of green and white carnations. Mrs. G. B. Roseberry and Mrs. J. D. Frank presided at the table and were assisted by Mrs. Emmett Scott, Misses Jeanette and Julia Tate and Miss Grace Langan. The menu, served by Reuillard, was carried out in green and white, the design being in St. Patrick's favors. Assisting in entertaining were the three small daughters of Mr. and Mrs. Harry Todd, Genevieve, Mary and Winifred, who carried out the colors of the afternoon by wearing dainty white frocks and perky hair bows of green. Other assisting friends of the afternoon were Mrs. J. S. Shinabargar, Mrs. John Eldon Bailey, Mrs. J. R. Brink, Mrs. E. G. Orear, Mrs. J. C. Denham and Mrs. M. G. Tate.

A BIT OF ADVICE.

First, Don't Delay—Second, Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Maryville residents desire more convincing proof of their effectiveness than the statement of a Maryville citizen who has used them and willingly testifies to their worth.

Mrs. James Fisher, 804 East Fifth street, Maryville, says: "I used Doan's Kidney Pills, which I got at Love & Gaugh's drug store, and they gave me relief from backache and pains in my sides."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fisher had. Foster-Milburn Co., Props, Buffalo, N. Y.

Market Live Stock.

The following Nodaway county farmers and stockmen marketed live stock in St. Joseph yesterday:

H. A. Lemon, Wilcox; Wells & M., Maryville; L. V. Chambers, Pickering; W. N. Houston, Burlington Junction; J. Suttle, Quitman; D. H. Stanson, Stanson Bros., Taylor & Z. and W. M. Taylor, Skidmore.

SCHOOL ELECTION NOTICE.

Notice is hereby given to the qualified voters of the independent school district of Maryville, Missouri, that at the regular annual election of said district, to be held at the voting places in the various wards in the city of Maryville, for the election of city officers of said city of Maryville, on

Tuesday, April 6th, 1915, there will be submitted to the qualified voters, who are taxpayers of said school district voting at such election, a proposition to levy a tax of six mills on the dollar on the taxable property of said district in addition to the four mills authorized by law to be levied by the board of directors of said school district for the maintenance of the schools and for school purposes in said school district for the next ensuing school year.

Also the election of two directors for the term of three years each.

Done by order of the board of directors this 27th day of February, 1915.

J. R. BRINK,
President of the Board.
GEORGE P. WRIGHT, Secretary.

GOLD DUST

You have used it many years, but do you know all its uses?

Millions of women use Gold Dust three times a day in washing dishes—

They use it regularly for scrubbing floors or woodwork—

They use it for washing windows—

But they do not realize the many ways in which Gold Dust can be used.

Gold Dust dissolves quickly in hot or cold water and makes a perfect cleansing solution.

A package of Gold Dust supplies you with the only cleaning and brightening powder you need in the home—and gives you the best results you can desire.

Use Gold Dust not only for washing dishes, but for washing glassware, washing bath tubs and bath room fixtures, cleaning and brightening metal work, pots, pans, and kettles, for scrubbing floors, washing woodwork, cleaning and freshening linoleum and oil cloth, and for all the hundreds of uses for which it is so particularly supreme.

Gold Dust is as inexpensive as it is indispensable.

5c and larger packages sold everywhere.

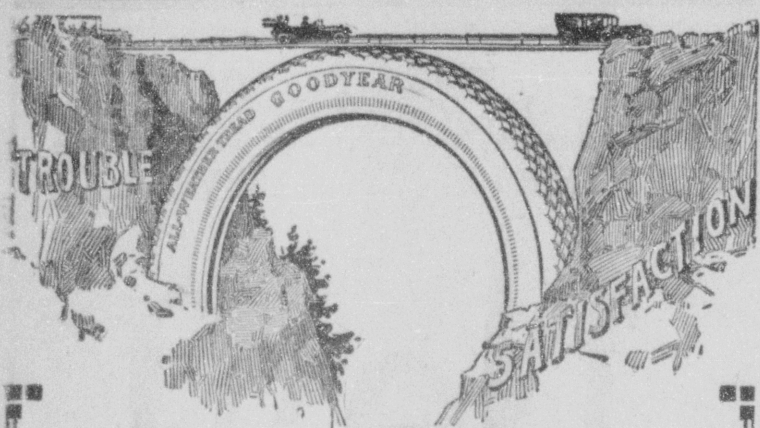

THE N. C. FAIRBANK COMPANY
MAKERS

It meets every cleaning and brightening need in the house. The active principle of Gold Dust—the valuable antiseptic cleansing agent—quickly dissolves and removes dirt, grease and grime, so that you rinse it away, leaving the surface you have cleaned sanitariously bright and new-looking.

Give Gold Dust your full confidence. It actually works for you.

"Let the GOLD DUST TWINS do your work"

Fortified Tires

Span the Way from Trouble

Goodyear tires have bridged the way for countless men to less trouble and tax. And those men, by their endorsement, brought our last year's output up to 1,479,883 tires.

Why do you suppose that Goodyear holds top place—you who use other tires? They have held that place for years, outselling any other.

The only reason, as you must know, is that Goodyears average best. And that's how they are bound to win you.

The Super-Tire

They are not trouble-proof. Mishaps come to them, misuse affects them, much like other tires.

But Goodyears are Fortified

Tires. They protect you in five ways employed by no other maker. They combat five major troubles in unique

ways, exclusive to Fortified Tires.

These five extra features cost us fortunes. One alone—our "On-Air" cure—costs us \$450,000 yearly. But they save Goodyear users millions of dollars yearly. They avoid countless troubles for them.

Lower Prices

On February 1st we made another big reduction. That makes three in two years, totaling 43 per cent. We are giving you, through mammoth production, the best tire value ever known.

Please prove this, for your own sake, by the tire itself. The following Goodyear Service Stations will supply you:

SELLS HOPKINS RESIDENCE.

Returned Florida Families Rebuy in Nodaway—Only Like Climate of the South.

Charles Litsch has sold his residence and five acres of ground in East Hopkins to Joseph Galey and William French for \$5,000. The purchasers, who have just returned from Florida, will take possession at once. Mr. Litsch and family will probably move to Nebraska, after a short visit in Kansas this spring.

In speaking of the return of the French and Galey families from Florida, the Journal says:

Fortunately they only bought about 70 acres, paying a dollar an acre down and a dollar an acre on it each suc-

ceeding month, so if they now let it drop they are not out enough to hurt them much.

In talking with John Galey, he says the water is standing over most of the ground and that he has nothing good to say of the country except the climate—that's fine.

Five things work against the farmer or truck raiser there: The markets, insects, frosts, dry and wet weather, it being very hard to find conditions such as to make a profit for the growers of the principal crops—tomatoes, celery, beans, potatoes, etc., conditions being favorable for one, you lose on the others.

One man there shipped a car of tomatoes and lacked \$7.50 of having enough to pay the freight—that's mar-

ket conditions. Insects have to be sprayed against the year round, and the effects of early frosts as "bugaboos" as big as the insects.

And when you lose a crop it hurts much worse than it does here, as it is necessary to use fertilizer there on all the land, and this costs you around forty dollars an acre, so if you lose a crop you not only lose your labor and seed but the price of the fertilizer as well.

Hay is \$20 a ton, interest 10 per cent and the niggers more independent than a hog on ice. They lay around until they are needed to save certain crops from going to waste, when they make the growers pay two or three prices to secure their help. "No Florida for Me," is the way John puts it.

TAKES OFF DANDRUFF

HAIR STOPS FALLING.

Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

PARNELL NOTES.

Township election will soon be here, and let us hope that the voters will make no mistake. The interests of the township demand the best men to be had.

Following the township comes the school election. Here is another place where everybody has an interest. Only men of character, ability and general usefulness should be placed in charge of the schools. An incompetent, careless board can easily spend the dis-

Growing Children

"TIZ" EASES TIRED, SORE, SWOLLEN FEET

Nothing Like "TIZ" for Aching, Sweaty Calloused Feet and Corns— "TIZ" is Glorious!

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off. Why don't you get a 25-cent box of "TIZ" from the drug store now and gladden your tortured feet?

"TIZ" makes you feel glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "TIZ" instantly stops pain in corns, callouses and bunions. "TIZ" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

This country is not so unprepared for war on the seas as is generally supposed. She could put thirty-three battleships in commission at the present time. Seven are being built, two of which will be put into commission some time this year. Twenty-one are under construction or authorized.

New books—"The Rosary," "The Eagle's Mate," "Peg o' My Heart," "Damon and Pythias," just arrived at Alderman-Yehle's. 50 cents.

Don't forget—when you want more polish, be sure to ask for Black Silk. It's the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Iron Remover on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, metal, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.
